MEMORANDUM FOR THE RECORD

SUBJECT: Conversation with Dr. Brzezinski,
26 July 1979 []

15. A.I went through the items from Bill Parmenter's NIO monthly warning reports. I think this is a useful exercise. Nothing specific came out of it but he was clearly interested and it could lead to some additional exchanges on what our policy is in various areas of the world. In short, I'd like to look for items like this that aren't on the immediate front burner and give him my ideas of trends and developments of significance, some of them stemming from these NIO monthly papers but others just at random.
